Register to Vote!
Since 1920, the League of Women Voters has encouraged informed participation in government. We strive to increase understanding of public policy issues through education and advocacy.

The League works to register and provide voters with election information through voter guides, candidate forums and debates. The League does not support or oppose candidates or political parties. The League is an activist, grassroots organization whose members believe that voters should play a critical role in their democracy.

Membership is open to anyone 16 years of age or older.
100 Years of LWV

1920 — 2020

We believe in the power of women to create a more perfect democracy. That's been our vision since 1920, when the League of Women Voters was founded by leaders of the women's suffrage movement. For 100 years, we have been a nonpartisan, activist, grassroots organization that believes voters should play a critical role in democracy.
Why Voting Matters

Registering and voting can give you the opportunity to become involved with, and informed about, the local issues in your town or city.

Voting gives you a stake in the local issues of your community.

Your voice is heard about issues, i.e., the environment, taxes, transportation, education, and personal safety that affect your quality of living.

Becoming involved in the issues, and learning about local politics, are some of the ways in which you can begin to build a relationship with other residents of the community.
What’s In It for You?

• Elections have consequences.
• Not voting is giving up your voice.
• It’s your money.
• Voting is an opportunity for change.
• Situations will not change unless YOU vote.
• The community depends on you.
